

Acoustic Cotton Insulation

Category: Acoustic Absorption Technical Data Sheet

Natural fiber, Acoustic Cotton insulation consists entirely of 100% recycled cotton and denim fibers. The recycled fibers are also 100% post-industrial, which assures that the insulation is free of any contaminants. Cotton Insulation requires a minimal amount of energy to manufacture, aiding the environment with energy conservation and reduction in pollution. Cotton Insulation contains no chemical irritants and requires no warning labels compared to the carcinogenic warnings that fiberglass is required by law to display.

Applications:

- Residential
- Commercial
- Interior Walls
- Exterior Walls

Benefits:

- Sound Attenuation
- Thermal Insulation
- Easy Installation
- Environmentally Sound
- Class A Nonflammable

Properties:

Color Blue
 Width 16" / 24"
 Thickness..... 3.5" / 5.5"
 Installation..... Adhesive / Mechanical Fasteners
 Flammability..... ASTM E-84 Class 1-A

Cotton Insul.	125Hz	250Hz	500Hz	1KHz	2KHz	4KHz	NRC	R Value
